

Lesson 6: Spiders Live Everywhere

ACTIVITY: Where Do Spiders Live?

Objectives

Students say that spiders can live anywhere and name at least three different types of habitats.

Materials

Books that describe and tell about the habitats of various spiders

Pictures of different spiders' habitats including the trap-door, water, grass, purse-web, tarantula, some shown below, and/or any others

Paper, pencil, crayons

Procedures

1. Working in pairs or small groups, the students select at least three different spiders. They look in books to find out all they can about where spiders live and how spiders complete their life cycle.
2. The students draw their spiders in their journals, labeling the type of spider and where it lives.
